Years in this project area:	

*Answer the following questions in detail. Please include this information with your computer software application project
(Answers can be hand written, typed, audio (mp3), or video)*

What problem/task did you chose to solve or what did you hope to accomplish?

What materials (software, books, online resources) did you use?

List the steps you used to solve the problem or accomplish your task.

Show an example of your results with an explanation.

If you were to do it again, how/what would you do differently or how would you improve your project?

What is the purpose of the project?

Who was involved in this project?

How did you come up with the idea for this project?

What was the most difficult aspect of this project?
