

2010-2011 4-H International Exchange Programs Intent to Participate Form

We are now starting the planning for 2010-2011 4-H International Exchange Programs. The program is built on the concept that a volunteer at the local level would manage it with limited time commitment from Extension staff. In some areas of the state several counties work together to share lead volunteers, recruitment of host families, and recruitment of outbound delegates. The state is very willing to work with a variety of management configurations. The purpose of this form is to get an indication of county participation in 2010-2011, and to determine who the county coordinators will be.

Statewide, several individuals are available to assist in promoting the program and county coordinator role among interested adults in your county. We would like to have additional counties join the program for the 2010-2011 4-H year.

Providing the following information by January 4, 2011 will help with our plans for the coming year. Please return the form to: Lillian Larwood, 105 Ballard Hall, Corvallis, OR 97331-3608.

Thanks for the help!

- _____ We would like to participate in the summer inbound 2010-2011 4-H Japanese Exchange Program.
_____ We are not able to participate in the summer inbound 4-H Japanese Exchange in 2010-2011.
