

4-H Applique / Patchwork / Quilting Score Sheet

Name _____ County _____

Class _____ Placing _____

Check only those items which apply

	Excellent	Good	Could Improve
General Appearance and Design			
Clean, neat, well pressed, suitably finished			
Materials suitable for each other and the purpose of item			
Color(s) or combinations are pleasing			
Workmanship Applique			
Pieces lie smoothly without tucks, puckers, folds			
Shape edges are smooth and continuous; corners and points are sharp			
No raw edges of fabric unless intended			
Turned edges and corners are not bulky			
Layered designs minimize "show-through" where they overlap			
Stitching is even and holds pieces securely			
Patchwork			
Stitching is even and holds pieces together			
Seams are smooth and flat without tucks or wrinkles			
Corners and seams meet where intended			
Block sizes are consistent and the intended size			
Seam allowances are pressed to one side or handled in manner to reduce bulk			
Seam allowances are not visible on right side of work unless intended by design			
Binding/Sashing is even, with square mitered corners			
Quilting			
Stitches are even in length, evenly spaced, good tension			
Stitches or ties are secure; hold the layers together well			
No visible knots or loops of thread on surface (except ties)			
Fabric lies smooth; no excess fabric, folds or puckers between stitching lines on either top or back of work			
Quilting lines follow the intended pattern			
Guide marks are not visible on finished work
